Notice of Approvals

17.6: 16/03118/MKCOD3 – Demolition of existing buildings and erection of 10 x 2 bedroom apartments, and associated works, 18a St Georges Road **(This Council was not opposed to the principle of housing development on this site and had no objection to the current application subject to the following amendments:**

1. Height of the properties

That the apartment block nearest to the road be no more than 2 storeys high as the current height is considered to be both overbearing and out of keeping with the existing street scene.

2. Density

That the number of apartments be reduced to a maximum of 8 to limit the adverse impact of the development on the local infrastructure.

3. Car Parking

That all parking spaces, including those for visitors, be provided within the boundary of the site as this area is already considered to be beyond its parking and traffic capacity.

In addition this Council asked that Milton Keynes Council ensures that it is satisfied that the development will not increase the incidence or risk of flooding in this area as residents have already reported concerns regarding the current drainage capacity around this site.

West Bletchley Council would welcome further discussions to explore options for achieving the proposed amendments).
